WILLIE SCHATZ WINS MARATHON

Local Skater Captures Long Grind on Rollers Over Butte Expert.

Salt Lake saw its first Marathon roller skating race at the Auditorium last evening, and it also saw a Salt Lake boy beat out the best long-distance skaters of the west. Willie Schatz, the diminutive champion of Utah, held his own through the long grind, and when it came to the final sprint, beat out "Jimmy" Reynolds, the Butte veteran, winner of the recent Marathon race at that place.

A field of about twenty skaters started off at a fast clip, many of the skaters, especially the local boys, setting out a pace that soon proved the undoing of a majority of the racers. At the end of five miles the field had dwindled down to five men. Artie Bell, the crack Los Angeles skater, was the first of the outside cracks to fall by the wayside, but held on until he had been lapped three times. Just then Rickard, the Minneapolis flyer, was seen to put his hand to his side, slacken his pace and quit.

He explained after the race that he had recently recovered from a bad case of pleurisy, and that it caught him in the side and he had to quit. Up to this time he was going easily, and many picked him to be the winner. This left four men in the race, with Reynolds considered the dangerous man. Fifteen miles and Schofield dropped out, leaving Schatz, Reynolds and Hardy to fight it out to the finish. Hardy and Schatz worked together beautifully, and at ten laps to go, Schatz started for the final sprint home. He opened up a gap with Reynolds hard after him, but the local man finished in front by a good half lap. Reynolds won second, and Hardy third.

The time for the race was given out officially as 1 hour and 28 minutes, the last mile being done in 3:08 1-2. Reynolds congratulated Schatz after the race, and said he was one of the speediest youngsters he ever saw.

RHODES SCHOLARS WIN

London, March 19.—The Oxford-Cambridge field sports at Queens club today were won by the former university, six events to four.

It had been anticipated that G. E. Putnam, a Rhodes scholar from Kansas, would win the hammer throw for Oxford, but he had to be contented with second place. Watson of Cambridge beat all variety records with a throw of 148 feet 10 inches. Putnam was second with 142 feet 10 inches and D. G. Herring, a Rhodes scholar from Princeton, was third with 132 feet.

The 100-yard dash was won by L. Hull of Michigan, a Rhodes scholar. Time—15 seconds.

Hull scored another victory for Oxford and the American Rhodes scholars by winning the quarter mile run. His time was 2:45 seconds.

Hull's victory in the quarter-mile was a notable display of grit. He was working through the field about 100 yards from the start when he stumbled and sprained his ankle badly; but this did not deter him. He quickly pulled himself together, picked up the field again, and in spite of the intense pain, went to the front and won by three yards. He had to be carried off the field and to be attended by a doctor.

\$25 FOR A LETTER

CAN YOU WRITE ONE?

The Prize to Be Awarded in a Letter Writing Contest Open to Everyone in Utah.

Dr. Williams' Pink Pills have been used in this state for a generation. Hundreds of remarkable cures have been reported during that time and there is scarcely a family in which the remedy has not been tried with beneficial results. This furnishes the material for the letters to be written in this contest. There is no demand upon the imagination, every narrative must deal with facts.

The Prize.

The Dr. Williams Medicine Co. of Schenectady, N. Y., will award a prize of \$25.00 for the best letter received on or before March 27, 1909, from the state of Utah, on the subject, "Why I Recommend Dr. Williams' Pink Pills."

The Conditions.

The cure or benefit from the use of Dr. Williams' Pink Pills described in the letter may be in the writer's own case or one that has come under his or her personal observation.

More than one cure may be described in the letter, so long as every statement made is literally true.

The letter should be no longer than is necessary to relate the benefit obtained from the remedy in the case described.

Each letter must be signed by the writer with his or her name and full address, and the letter must give the correct name and address of the person whose cure is described. THESE WILL BE STRICTLY CONFIDENTIAL and will not be made public. Letters containing addresses that cannot be verified will not be considered in awarding the prizes.

The writer of each letter must state the name and date of the paper in which he or she saw the announcement of this competition.

Fine writing will not win the prize unless you have a good case to describe. The strength of the recommendation and not the style of the letter will be the basis of award.

The contest will close March 27, 1909. Do not delay, but if you know of a cure write your letter NOW. Observe the above conditions carefully or your letter may be thrown out.

Address all letters as follows:

HARRIMAN IN SAN DIEGO.

Will Go Up the Coast Line to San Francisco and Thence East.

San Diego, Cal., March 19.—E. H. Harriman and party arrived on their special train from Los Angeles early this evening. The train was switched to the Belt line running around the bay and the party proceeded by that route to Coronado. There Mr. Harriman is the guest of John D. Spreckels at the latter's residence on the ocean boulevard.

In an interview Mr. Harriman said that his visit here is purely one of pleasure. He will remain at Coronado until Monday, probably. Then he will go to Santa Barbara, thence to San Francisco and thence to New York.

CURE FOR DRINK HABIT.

Washington, March 19.—"If you have a strong appetite for King Alcohol and tobacco and want to be cured of the habit, just eat a vegetable diet for six months." This was the advice given today by Dr. D. H. Kress of this city in an address entitled, "Dyspepsia and Its Relation to Inebriety," before the American Society for the Study of Alcohol and Other Drug Narcotics. He declared that overeating leads to drunkenness.

CONVINCED Woman's Interesting Experience.

A Md. woman tells how she was convinced in regard to a matter of vital importance. She says:

"Before I used Grape-Nuts I was almost a physical wreck. I suffered untold agonies from indigestion, could not sleep at night, was on the verge of nervous prostration.

"I finally purchased a pkg. of Grape-Nuts, and the one pkg. convinced me it was just what I needed. I gradually grew better as I continued to eat the food and my life vanished.

"I can now sleep soundly every night, going to sleep as soon as I retire. I never have dyspepsia any more.

"Too much cannot be said in favor of Grape-Nuts as a brain food for school children—makes them rosy and active.

"It is just the kind of food one needs for that tired feeling, and produces a reserve force and energy which lasts."

"There's a Reason."
